

A portrait of Dr. Daria Tataj, a blonde woman with her hair pulled back, wearing a black turtleneck. She is smiling and resting her chin on her hand.

Dr. Daria Tataj

Founder & CEO of Tataj Innovation and **global expert on innovation networks**. Member of expert groups in Europe, book author, renowned keynote speaker, C-level & government advisor and creator of the **Network IQ™ Index**.

#FutureofWork #SmartCities #Innovation #DigitalSkills
#StrategicNetworking #Entrepreneurship

Change has always been driven by entrepreneurial minds. Daria Tataj will tell you the story of **how successful cities, companies, and individuals reinvent themselves through the innovation of connected individuals**.

Daria Tataj is the **world expert on innovation networks** and **creator of the Network IQ™ Index**, which assesses all skills needed to build partnerships, networks, and trusted communities. This is the foundation of her methodology, Network Thinking, that is used by 1000+ organizations worldwide in business, government, and academia.

During her animated keynotes, Daria refers to her entrepreneurial journey. She offers research insights from her high-impact book 'Innovation and Entrepreneurship'. The book was acclaimed to 'change the way we think about innovation'. She passionately shows **how to inspire transformation and solve complex problems together**.

Dr. Daria will inspire your talent and your clients to **innovate through Network Thinking**.

Daria is a **trusted expert to business and government on people, planet, and prosperity**. She is also former Chair of the High-Level Advisors to the EU Commissioner on Research, Science, and Innovation and member of the World Economic Forum Global Agenda Council. She was recognized by Fortune Magazine as a Global Woman Business Leader in 2006 and as the Social Innovator Poland, her home country, in 2014.
